COLORADO CITY MEN INJURED IN WRECK

Engineer Frank Smith Seriously Injured, Baggageman Doughty and Brakeman Wilkin Badly Hurt.

Buena Vista, Colo., Sept. 30.—Westbound Colorado Midland passenger train No. 3, running 35 minutes late, was wrecked by running into a big rock slide in a deep cut one mile east of Buena Vista at 5:30 o'clock. The engine and baggage car left the track and were badly wrecked. Three members of the train crew were more or less injured. They are:

Engineer Frank Smith, Colorado City, right leg broken and internal injuries.

Baggageman Doughty, Colorado City, bruised about the body.

Joseph Wilkin, brakeman, Colorado City, bruised about the body.

Fireman A. F. Anderson of Colorado City, escaped by jumping just before the engine struck the rock slide.

None of the passengers were injured, but all received a severe shaking up.

The wrecked train had a narrow escape from being destroyed by fire. A lighted oil lamp in the baggage car was wrenched from its fastenings and exploded. The flame was extinguished with great difficulty.

East bound passenger No. 6 pulled up to the wreck and the passengers were transferred and taken to Leadville.

It required 15 hours to clear the wreck and repair the roadbed which was torn up for fully 100 feet.

DECEIVED AND SWINDLED, SAYS DESERTED BRIDE

Contrary to reports in Colorado Springs and Cripple Creek yesterday, Charles Wallace Williams has not been located.

Williams is the man whose bride of a few weeks says he secured $2,000 from her and then skipped out leaving her practically destitute in a Chicago hotel.

The story of Williams' alleged duplicity was published exclusively in the Gazette yesterday. The information came through letters which Mrs. Williams has written to W. P. Kinney, secretary of the mining exchange, in an effort to locate her runaway husband.

As an officer of the exchange, Mr. Kinney has taken the trouble to make a personal investigation of the case. He has not succeeded in learning Williams' whereabouts or establishing the fact that the man owned a mining claim adjoining the Stratton's Independence property in Cripple Creek, as he represented to his wife.

Believes Her Story.

"The story the woman tells has every evidence of sincerity," said Mr. Kinney yesterday. "The first letter she wrote me was addressed secretary of the mining exchange. I answered it and then she wrote me again, giving me additional facts upon which to work. We have been unable to obtain any clue to the man. No one seems to know of his being here. Even if it is evident from the story he told the Gazette that he was married to Mrs. Emma Jeanette Hallett, of Chicago, by Dr. Gregg in this city, yet it is my opinion that the story the woman tells is straight."

For obvious reasons the Gazette withholds the name of Mr. Kinney's informant, but, in view of the charges made by an evening paper, that the story was a "fake," Mr. Kinney consented to the use of his name today.

The statement of the sheriff of Teller county and the chief of police of Cripple Creek that Williams is known to them disposes of the evening paper story that Williams is in Cripple Creek, and the authorities can put their hands on him when he is wanted.

Her Helpless Appeal.

It is true that the authorities of the gold camp have not been ordered to arrest him on the letters which have come to Mr. Kinney show plainly that Mrs. Williams has taken no steps in the direction sought to lay her case before the Chicago detectives, who decline to take it up because it is outside of their jurisdiction.

Her First Letter.

The first letter was received under the date of August 23, 1904, was from Caledonia, Kent county, Mich., and is as follows:

"Could you please inform me if you know of a man by the name of Chas. Williams, who had a claim or a mine at Cripple Creek very near the Stratton mine? He told me he had a mine near the Stratton mine, that he had a patent on it, was going to put machinery on it, incorporate and to develop the mine.

"Now if you know anything about such a mine belonging to Charles Williams and would let me know, I will inform you later of how he has swindled me out of money. How am I to find out if he has a patent or anything—write to Washington or how? Please inform me. I will be very thankful to you for your kindness.

Saw Him at Exchange.

"N. B.—I was in Colorado Springs seven weeks ago today and have seen him at the Exchange building, where he offered his claim."

The description of Williams, John Brown, alias Knight, five feet nine inches, weight 170 pounds, fine or good complexion, small hand and foot, long straight nose and moustache tinged with gray, been colored. Wears gray suit, large diamond on shirt or necktie, comes ring on left third finger. Had a small mole above the mouth on the left side of the cheek. He was in Colorado Springs five weeks and may be there now. Now this man got $2,000 out of me, a poor widow woman, and I have now to go to work some where, without a cent, to earn my living.

"I have now to depend on my own resources for a living and no money to live on. If you know of any good respectable place where I can be housekeeper for one, would be glad to know of it. Am first class, neat and a good cook, would like a private place. Have been manager of my own domicile for 15 years, and this is the first time I ever had to seek employment."

The Second Letter.

This letter was answered on Septem-

CRIPPLE CREEK SEPTEMBER OUTPUT OVER TWO MILLION

Great Gold Camp Is Now Back to Its Normal Productiveness and This Record Is Likely to Be Increased During October. A Demonstration of Prosperity.

Special to the Gazette.

Cripple Creek, Sept. 30.—The production for the month just closing presents the greatest prosperity story which has left the Cripple Creek district for two years past. The production of the camp for the month of September has passed the two million mark and that in a month of only 30 days.

This exceeds by nearly $200,000 the heaviest production since the recent strike and indicates that the camp is now producing at a rate of over $24,000,000 per year.

The production for the month passed the two million dollar mark in spite of the fact that the Telluride mill at Colorado City has been closed down a short time by order of the federal court and the production from this source alone shows a decrease of $100,000. In addition to this the Portland mill at Victor, shut down a part of the thirty days owing to the necessity for repairs in the machinery, as was also the case in the Sioux Falls plant in this district. However, the smelters rolled up the tremendous tonnage of 12,000 tons of an average value of $31, breaking all records. The United States Reduction and Refining company also increased the figures of the previous month by over $100,000. The Portland will follow a little later but next month promises to equal or exceed the usual amount.

Increase in Smelting Ores.

The remarkable increase in smelting ores was noticeable first on September 10 and Superintendent Hawkins of the smelters today says that the advance is continuing and that the figures for October should still show gain even over the remarkable production for September.

There was never before so many leases working as at the present time and they are all making a good production of better than an average grade of ore.

The total was helped along largely through the agency of the Economic mill, which treated hundreds of tons of ore from the M. P. U. mine which averaged nearly five to the ton. The remarkable part of the production from this property is that not a ton of waste is picked out of the ore that is hoisted in a week's time, and when it is taken into consideration that the leases are breaking ore 35 feet in width it is remarkable. One of the lessees today stated that he believed he would increase the output next month considerably over that made for the month just ended.

October Still Larger.

Ever since the strike was inaugurated 13 months ago, the output of the camp has been steadily increasing until today it is normal and the high water mark has been reached. Notwithstanding this fact the mill owners predict that October will show a larger output than September. This can be accounted for in several ways, particularly in the fact that three sizable mills will be running during the next month that have not been running during the present month. The Golden Circle property will also double its production during the coming month.

The production of September shows a large increase over August in value, but a falling off in tonnage. In August 61,340 tons were treated with a valuation of $1,939,[illegible]. September returns show an increase in [illegible] with a decrease of 1,[illegible] tons of ore. The increased tonnage is due largely to the fact that the Sioux Falls cyanide mill was closed for the greater part of the month. With this month's figures the grand total for the nine months of 1904 amounts to $19,04[illegible].

Figures in Detail.

The following table is the individual statement made by the mills and smelters for the month and came from the offices of the plants today:

Plants—	Tons.	Value.	Total.
Smelters	12,000	$50	$599,000
U. S. R. & R. Co.	2,000	30	60,000
Portland	7,500	30	225,000
Economic	2,700	50	135,000
Telluride	5,500	22	122,500
Doncas	1,000	25	25,000
Homestake	6,000	4	24,000
Florence Cripple Mill	2,500	5	12,500
Wild Horse	2,000	6	12,000
Totals	61,200	32.9	$2,010,000

Taking the figures of the company and production for the first three quarters of the year as a basis on which to estimate the output for 1904 shows that if the present output is continued during the next three months the production for the year will be close to 23 millions dollars. The production is shown below for the nine months:

Month—	Tons.	Total Value.
January	5,500	$1,[illegible]
February	5,500	1,[illegible]
March	[illegible]	1,[illegible]
April	5,500	1,[illegible]
May	6,000	1,[illegible]
June	6,500	[illegible]
July	7,000	1,[illegible]
August	6,500	1,[illegible]
September	6,350	1,[illegible]
Grand totals	56,850	$16,[illegible]

While the above tables tell plainer than words the prosperity which the district is now enjoying another fact may be mentioned and this is in reference to the number of miners now working in the district. Since the first Mine Owners' association card was issued by Secretary C. C. Hamlin on [illegible] the number of men has steadily increased until today it reached the figure of 4,[illegible], which undoubtedly shows that more men are at work in the properties of the greatest gold camp than ever before in its history.

While not every man that carries a card is working at this time, yet it is estimated that there are at least 3,500 that are now employed. This is accounted for largely by the large number of lessees that are today employing anywhere from three to 60 men each.

PRIEST CAME TO RESCUE OF THE COUNTESS WHEN IN OGDEN

Her Ladyship Tells of Strange Experiences.

VOW AGAINST MARRIAGE

A PRINCESS AT THE VISITOR IN SALT LAKE CITY ASTONISHES MANY BY HER QUEER ACTIONS — HER REMARKABLE STORY.

The Countess Arabella Loughnan of London, says her detention by the police in Ogden, Utah, was due to her misunderstanding of railway conditions and that she had to seek a priest there to explain matters to the officers.

"I asked them to get my baggage but they were slow and I started to run across the tracks to get in myself," she said, "and they stopped me and took me in charge. I was hurried into a carriage and taken to the police station. I asked that they send me a priest and it was through him that I obtained my liberty."

Thought Him Very Rude.

The countess yesterday recited an amusing incident showing her innocence in regard to American ways. While en route from El Paso, Texas, her peculiar actions caused comment and finally the conductor stepped up to her and asked her who she was. She immediately asked him who he was. He replied he was the conductor.

INJUNCTION ISSUED BY JUDGE OWERS

Restrains Mine Owners of the Leadville District From Discriminating Against Western Federation.

Leadville, Colo., Sept. 30.—After nearly 2,000 cards had been issued by the Leadville Mining District association, Judge Frank W. Owers arrived in the city and issued an injunction restraining further action along this line.

The application for injunction was made by the president and secretary of the local miners union. The defendants named comprise nearly every mine owner and mine manager in the camp.

Its Record Repudiated.

The complaint recites the fact that the Western Federation of Miners is a lawfully organized society which owns property amounting to hundreds of thousands of dollars for mutual benefit purposes, that it takes care of the sick and injured members and widows and orphans of members who are deceased. It is further claimed that the organization has always encouraged obedience and respect for the laws of the land. After reciting the fact that a local union exists in Lake county, the complaint states that certain mine owners and operators have formed a union for the purpose of unlawfully crushing out of existence the miners union.

The Federation, according to the complaint, has never defied the right of the mine owners to form a union, but insist that mine operators have no right to organize for the crushing out of the Federation, thereby deprive them of their property rights and fraternal benefits and privileges.

Conspiracy Is Charged.

It is charged in the complaint that notices are posted throughout the district informing the men that all members of the Federation, on or before October 1, must surrender their membership in the Federation or cease to hold their positions. The purpose of the action is to drive all the members of the Federation either from their employment or by refusing them work drive them from the country. A conspiracy is also charged in the preparation of a blacklist of those who refuse to surrender membership and give up their rights and privileges in the Federation.

The complaint further states that there has been no trouble or disturbance in Lake county, but if the mine owners are allowed to proceed in their course "the unhappy and disastrous conflict between capital and labor which has prevailed in all sections of the country will be precipitated."

To Prevent Discrimination.

After reciting the legality of the case, an injunction is prayed for restraining the defendants from discriminating against any miner for the fact of his being a member of the Western Federation or from making out a blacklist or from compelling members of the Federation to abandon the organization or from compelling them to sign any agreement that their membership in the Federation or from carrying out or doing anything in furtherance of any scheme to discriminate against the employment of miners who will not renounce their allegiance to the Federation or from in any other way compelling or coercing any member of the Federation from exercising [illegible]

DECEIVED AND SWINDLED, SAYS DESERTED BRIDE

(Continued from Page 1.)

Her 8, asking for further particulars. Letter No. 2, also from Caledonia, was dated September 25, 1904, and reads as follows:

"In reply to your letter of September 8, will say that I am very thankful to you for your kindness in answering my letter. I will now be a little more explicit in regard to the matter, so you will more fully understand how impossible it is for me to do anything. The 11th of July I was in Colorado Springs and loaned Charles Williams $2.60, and on the 12th of July I was married to him by the First Congregational minister. We started for Chicago on a wedding trip and also on a business trip to buy machinery to put on the mine he claimed he owned at Cripple Creek, as he told me he wanted to get machinery on the mine and commence to incorporate.

Said He had Money.

"He said he had plenty of money and wanted to borrow mine until he got to Chicago, where he had some railroad stock that he would sell, then he would pay me back. I foolishly trusted him and lost it. After we arrived he borrowed the last hundred dollars I had with me and went away. I have never seen him from that day to this. He left me at the Lexington hotel with no money to pay the bill. The clerks of said hotel treated me honestly to pay them when I could procure it. They sent me to the city hall to employ a detective, but they didn't seem to want to handle the case, thinking that Colorado Springs detectives ought to find him as the money was taken there. So that is how I am placed.

Alone and Stranded.

"No money or friends to help me employ a detective or attorney, or take the case in hand. I will have to give it up and try to seek employment to maintain myself as he took all my poor dead husband left me to live on. I am left stranded at the head among entire strangers. He claimed he had a mansion there and was very wealthy.

"Thanking you for your kind advice in the matter, I remain, etc."

The above is the text of the letters written by Williams to Ada and which were the basis of the story published by the Gazette yesterday.

Again the questions are asked:

Who is Charles Wallace Williams?

Where is he?

WILLIAMS UNKNOWN IN CRIPPLE CREEK

Special to the Gazette.

Cripple Creek, Sept. 30.—It was thought for a while today by the police of this city that Charles W. Williams was a temporary resident here. On a closer investigation, however, it was found that the name had been confused with another which appeared on the register of a local hotel.

Charles Wallace Williams is unknown to mining men of the Cripple Creek district, and it is not believed that anyone of that name is interested in properties adjoining Stratton's independence. Williams is unknown to the sheriff or chief of police of this city.

of the train, whereupon she said she actually had left it a sentence to address a letter without first being introduced.

Street Car Incident.

It is stated in Manitou that one of the conductor's eccentric actions since her arrival there was on a street car. Two ladies who boarded the car were looking at her and, it is said, she asked the conductor to order them off the car as they were staring at her. The conductor said he could not do so, and had a hard time convincing the complainant that such a procedure on his part would have no precedent in this country.

While amusing on the surface, the actions of the countess are not without pathos. Although she says she has traveled the world over, she seems to find hotels and railway carriages, as she tells the trainer, a hardship. She is a woman past the middle age and has an asthmatic breathing that has not failed to worry even strangers.

Today is the last day of the big discount Sale on Van Briggle Pottery at Foltz & Hardy's, 6 South Tejon street.

It is the opportunity of a life time.

VAN BRIGGLE SALE CLOSES TODAY

The Foltz & Hardy Sale of Van Briggle Pottery Proves the Most Successful in the History of the Ware---Sale Closes at 10 o'clock Tonight.

Never before in the history of Van Briggle Pottery has it been possible to purchase it for less than the prices fixed by Mr. Van Briggle.

For the past two weeks the Foltz-Hardy company have been authorized to offer the several hundred choice pieces at prices ranging from 25 to 50 per cent less than the former values, yet even then the prices demanded at the outset were such that it was necessary to make substantial adjustments to the Foltz-Hardy stock.

A few of these one hundred pieces were received from the Van's Pottery store; twenty-five hand-some vases were sent to them the Saturday and in addition a dozen more were received from the factory for their display.

Although many vases have been sold yet the display as it stands today, the last day of the sale, comprises one of the best assortments of Van Briggle ware that has ever been shown in Colorado Springs.

An art connoisseur and professor of art works, from California, recently paid a high tribute to Van Briggle Pottery. He visited Foltz & Hardy's one day this week and purchased a handful.

"I have eight pieces of Rookwood and samples of almost every well known ware," he remarked. "But I have not a piece in my entire collection that I consider better art than this."

Persons who contemplate purchasing Van Briggle ware for Christmas presents may arrange to take advantage of the special prices by making selections now. The goods will be held until December first.

The interest that is being shown in Van Briggle Pottery is a compliment alike to the taste of the community and the merit of the ware.

HIGH SCHOOL CADETS STARTING OUT STRONG

New Suits Arrive---Officers Elected---Interesting News Items From Schools. Lever Is Delayed.

The High school battalion is increasing steadily. There are now about 70 cadets enrolled. The recruits are taking up the drill in good shape, and with the arrival of a number of the officers' and privates' suits, the companies are beginning to take on a military appearance. The "non-coms" have not yet been appointed.

Queen Quality of the Era society held a meeting yesterday afternoon.

Charles Herron, '01, C. S. H. S., and a former major of the battalion, has entered Berkeley college, in California, and has become a member of the glee club. Mr. Herron has been in California since his graduation from the local school.

The Adelphi society held its regular meeting last night debating the question, "Resolved, That Russia Deserves Defeat in the Present War." Roy Kirkpatrick and Hubert Perry upheld the affirmative, against Glenn Shaw and Lynn Gale. Current Events by George Tritch and a recitation by Wilson, with the critic's report and parliamentary practice completed the program.

The regular debating in connection with the course in English has been started under Prof. Walker, and his junior classes are holding regular debates.

The Glee club has effected a new organization with Frank Smith as president; Carl Blackman, vice president, and Roy Kirkpatrick, secretary-treasurer.

Football is not only arousing enthusiasm among the students and members of the first and second teams, but already the members of the two upper classes are thinking of the annual senior-junior gridiron battle, when the two classes meet to settle differences. Members of the two classes are already donning football togs and practicing, though class teams have not been organized for the date set for the game.

Manager Frank Rose will attend the meeting of the southern division of the football league at the High school building, as the representative of the local High school.

Interest is taking hold of the students and glee clubs are being organized. Marion W. Stroud has been elected captain of the senior fire and drill squad, in place of the sophomore team. The other two classes will organize shortly and games will be played among the four classes.

Miss Thyra Roby, Miss Irene Clark, Miss Alma Tyler and John Coombs are on the sick list.

A number of High school football enthusiasts will attend the College-Cripple game this afternoon to get a line on one of their strongest rivals.

Carl Blackman was yesterday afternoon elected second lieutenant of Company A, of the High school cadet battalion on the third ballot, to succeed Lieutenant Fred Palmer, who left school and resigned last week. Nominations were made last Friday and the election held at the close of drill yesterday. Corporals Kittleman, Cort and McCoombs and Private Stone were also supported by their friends for the honor. Lieutenant Blackman is president of the senior class, business manager of the Lever and one of the most popular boys in the school, besides being a good soldier.

Miss Violet Saunders and Gleasner Blackland have returned.

At a meeting of the senior class Thursday afternoon it was decided that the class would follow the custom established last year by the graduating class and not give the senior formal bi-monthly dances.

The first issue of the Lever has been delayed and will not appear until the first part of next week.

The senior geology class made a trip Tuesday to Manitou to study in Williams canon.

The second High school team will play the West Sides this morning on the latter's grounds.

The freshman class reorganized last week and elected Avery Morrill its first president; Harry McMillen is secretary, Miss Julia Peables, Lever correspondent, and Harold Draper, sergeant-at-arms. Steel gray and garnet are the colors that the class has adopted for its High school career.

AT HOME—VARIANTS.—Chairman Rouse, of the board of county commissioners, and Deputy County Clerk McAllister were busy yesterday signing the warrants for the payment of jurors in the district court. The jury has been engaged until October 11 and were yesterday paid for their services so far this term.

WOMEN ORGANIZE TO ELECT TICKET

Auxiliary to the Republican County Committee Formed Yesterday---Great Enthusiasm Prevails.

Sixty prominent women of Colorado Springs met yesterday afternoon at Republican headquarters and formed a Ladies' Auxiliary to the Republican county central committee.

Great enthusiasm characterized the meeting and an earnest desire to assist the central committee in carrying this county for the Republican ticket by a larger majority than ever was evidenced by all.

An executive committee was selected with Mrs. Frances W. Cockrell, chairman, and Mrs. Roscoe Ewing, secretary. The other members are as follows: Miss Jennie Burns, Mrs. W. N. Ruby, Mrs. L. C. Dana, Mrs. W. W. Williamson, Mrs. W. B. St. John, Mrs. B. M. Hunter and Mrs. Cooley.

The auxiliary will hold meetings every Friday afternoon at 2:30 o'clock in the Women's parlor at Republican headquarters. The women will work hard for the success of the ticket and will prove an important adjunct to the central committee.

WILL CONDUCT SERVICES IN THEIR NEW HOUSES OF WORSHIP

The exchange of church properties between the M. E. church, South, and the Cumberland Presbyterians will take place tomorrow, when each church will hold its first services in its new quarters. The formal exchange has not yet been effected as there are still some matters to be arranged, but negotiations are practically closed up and have gone so far that there can be no doubt but that they will be consummated as soon as possible.

At the time of the M. E. conference in August, the two churches interchanged for one Sunday, but tomorrow's services will be the first that will be held by the respective congregations in their new homes. When Sunday school convenes, at 9:45 a. m., the first real service will begin. Preaching will be held both morning and evening, at 11 a. m. and at 7:30 p. m., with Epworth league at 6:30 p. m. There will be no special services to mark the change, but the pastors will allude to the step that has been taken.

The two ministers have not announced their subjects, but the Rev. T. C. Rawlings of the M. E. church will deliver sermons appropriate to the occasion. Mrs. J. R. Darnell and Mrs. Robert Herd will sing vocal solos at this church.

Under their two pastors, the Rev. W. G. Templeton, of the Cumberland Presbyterians, and the Rev. James C. Rawlings, for the Methodists, this deal has been effected, and what is considered a step in advance for each, has been taken.

CREDITORS AGREE TO POSTPONEMENT

SUIT FOR POSSESSION OF TELLURIDE MILL WILL NOT COME UP FOR HEARING UNTIL NEXT TUESDAY.

Hall, Babbitt and Thayer, and Lunt, Brooks and Wilcox, the attorneys representing local creditors of the General Metals company, yesterday secured a postponement of the proceedings recently started in the United States district court at Denver to have Marshall Bailey show cause why he should not turn the property of the company at Colorado City over to Mr. Alfred Roelker, Jr., who was appointed receiver of the company by Judge Hall, of New York, on involuntary application of the eastern creditors of the company. The matter will not be heard in Denver until Tuesday, instead of today. The postponement was secured as a result of a conference and eastern and western creditors gave their consent, through their representatives. It was a matter of judicial agreement.

BRIDE PLANNED PRETTY SURPRISE

WHEN MISS MAY YORK WENT EAST FRIENDS DID NOT KNOW SHE WOULD COME BACK AS MRS. MOORE.

The many friends of Miss May York of this city were greatly surprised yesterday when she announced to her friends that she had changed her name and is now Mrs. Fred Moore.

Miss York has resided in Colorado Springs several years, but some little time ago went on a trip to her former home in Kansas. She returned yesterday and accompanying her was Mr. Fred Moore, to whom she was married while on her trip.

Miss York had for some time been employed by the Whitaker Printing company, in whose employ she was when she went to Kansas, it then being supposed she was going merely to visit her old home.

PROMINENT COUPLE AGREE TO LEGAL SEPARATION.

Emma M. Burwell has yesterday started a divorce from Moses T. Burwell, the case being tried before Judge L. W. Cunningham in the district court yesterday morning. The grounds charged in the complaint were cruelty. The defense was represented by counsel, who vigorously asked formal questions.

Judge Scott issued a decree of divorce yesterday in the case of Flora Jane Gibbs vs. Jesse Perry Gibbs. Cruelty was the charge.

LOCAL WORKER IN INDIA

DR. MARY NOBLE, OF THIS CITY, IS GUEST—INTERESTING REVIEW OF SUBJECT—DR. WORK TO GIVE RECEPTION.

A well attended meeting was held by the Woman's society of the First Presbyterian church in the lecture room last night. Mrs. Charles Noble presided.

Mrs. W. C. Robinson reviewed the work of the seven missionaries which are partly supported by this society.

Mrs. Noble then told of the work of Miss Dr. Mary Noble, her daughter, who is a missionary in India. This was followed by an address. This closed the program for the evening and later the ladies served refreshments.

Dr. and Mrs. E. W. Work will give a reception to the members of the congregation next Monday evening. The feature of the reception will be the reading of "Thekla," an original story by Dr. Work. All members of the church and also occasional worshipers there are invited.

GEORGE FRISBIE HOAR.

THE SENATOR for the state of Massachusetts George Frisbie Hoar, who has just completed his life work, was one of the compact little few remaining members of that body who furnish a link between the strenuous days of the civil war and the more peaceful hours of the present.

George Hoar in all ways did credit to the high traditions of the state of Massachusetts and in many respects was one of the ablest of the many strong men who have represented that commonwealth in the congress of the nation—able at all times and at the same time a close student of languages and of literature and equally eminent as a statesman and publicist. Few men were better versed than he upon economic questions, upon international law and upon finance, and yet he was the linguist of the senate and no one could furnish quite as apt a quotation from Horace or Virgil as he upon the spur of the moment or in the heat of debate. His classical quotations are among the pleasantest memories of the notable law making body.

Though his opponents often differed with him he commanded their respect and their admiration because he deserved it. He was at about Republican from his youth up and was never at a loss for language and argument with which to defend the party and its principles. Though he found occasion to differ in some particulars from his party relative upon the Philippine question he did so openly and manfully and never for a moment did he accuse those who differed from him of incivility.

He believed they were misled and that was all. There is reason to believe, however, that in the last few months, when the aims and aspirations of the Republican party have been developed, Senator Hoar was of the opinion that his course was wisest after all and for the best interests of the Filipinos.

He was a brilliant and able man and in many respects a great man. He served his state for 55 years in both houses of congress and would undoubtedly have held his senatorial office for many years longer had he lived. Men like these are learned, high-minded statesmen, rather than [illegible] the high traditions of the United States senate as well as best to serve the interests of the people.

THE OUTLOOK IN TELLER.

THE INDICATIONS are that this year Teller county, from having been a Democratic stronghold will [illegible] a floating majority for Governor Peabody and a Republican ticket.

A recent canvass of the district produced figures very favorable to the party, and since that time [illegible] have been added to the rolls of the Republican club of Victor, and the Peabody Miners [illegible]. Every miner in the district knows that the efforts were solely for the promotion of [illegible] the protection of life and property, and for [illegible] of every man to earn a livelihood without [illegible].

[illegible] very significant fact that in the Cripple Creek [illegible] so many articles have been written [illegible] them very unjustly, a good majority of the people are in favor of Governor Peabody and support his [illegible] expressions of satisfaction with the governor [illegible] people who know at very first hand just what he [illegible] much more than either the criticisms of [illegible] who care not what the facts may be.

[illegible] who have been upon the ground [illegible] the governor. It remains for [illegible] who have not been [illegible] of Cripple Creek to get red in [illegible] one of the constitution.

THE KANSAS-COLORADO CASE.

THE KANSAS-COLORADO [illegible] is now progressing to its close. The only [illegible] thing to be done is the present [illegible] of the [illegible] on behalf of Colorado which will be [illegible] some time this month.

Of course it is [illegible] to see how the case [illegible] make not a case at bar. [illegible] why a Kansas farmer [illegible] in another state must [illegible] all interested men. Why a resident of [illegible] entitled to the use of the [illegible] and know which fails a [illegible] is a question which one scarcely can agree to argument.

The case of Colorado, hitherto in the supreme court of the United States and before the [illegible] has been presented with great strength and detail by Attorney-General Miller upon whom has rested the great [illegible] of the preparation of this case. That it has been [illegible] and fabulous gain [illegible] is unquestionably true. In view of the fact that it was up vital to the interests of Colorado [illegible] has been spared on the part of the attorney-general to make the case of Colorado [illegible] and [illegible] the people of this state.

[illegible] Justice Fuller of the town of Las Animas [illegible]

office are null and void. However Herrick's term as justice expired next year so that he will not be losing much when he [illegible] for governor.

This Da pass which has just been captured by the Japanese ought to be at least a second cousin to Ja pass which has been mentioned so often of late.

Col. Bryan says that Hamlet is his favorite play. Judge Parker probably fears that the grave digger is the Colonel's favorite character in the play.

Democratic campaign managers have not yet printed a list of business men who want a change.

The czar received General Grippenberg in audience and no doubt told him to hold on.

The Democratic solid south will be offset this year by a Republican solid west.

Colorado Note and Comment

LUSCIOUS FRUIT OF COLORADO.

Twelve apples whose combined weight totaled 15 pounds, furnish a fine sample of the deciduous fruit grown in the vicinity of Grand Junction this year. Three of these apples weighed 67 ounces, the largest measuring 16 inches in circumference, five inches in diameter and four inch e from stem to blossom.—(Aspen Daily Times.

AN EVERLASTING DISGRACE

Alva will preserve law and order just as rigidly as Peabody,' is the remark of some Democrats. By this they mean that he will be almost as good in the gubernatorial chair. But just think of the name Colorado will have if the news is telegraphed over the country the day after [illegible] that Moyerism has prevailed.—(Durango Evening Herald.

FAITH IN ROOSEVELT

One of the reasons why so many millions of people (and that includes great numbers of wide-awake Democrats) admire President Roosevelt is because he does things. So far everything that he has done has redounded to the honor and benefit of his country and the people who know him best are positive that he will never do a thing that will injure his country or deprive any of the people of their rights.—(Fort Collins Evening Courier.

ALLIED WITH SOCIALISTS.

The Democratic bosses who controlled the late convention have openly and publicly announced by the action of that body their alliance with the anarchistic, law-defying element at whose head Haywood and Moyer wave the red flag of Socialism, and at the same time they have had the audacity and assurance to recognize the Red Flags by placing upon the ticket for the office of auditor F. R. Wheeler of Creede, a member of the Western Federation of Miners local union No. 26.—(La Junta Tribune.

MOYERISM WILL RUIN STATE.

Just bear in mind that the Herald's fight is not against Alva Adams as an individual, but the fact that his election means the triumph of such men as Moyer and Haywood. They have made a deal with the chairman of the Democratic state central committee, Milton Smith to throw their support to the Democratic ticket and the defeat of Peabody will be heralded throughout the land as a Moyer victory and we all know what this means to the moneyed interests of the east.—(Durango Evening Herald.

Wit and Wisdom

SOMETHING WRONG.

"Say, something is the matter with the horse. He won't go."

That is the message telephoned from the St. Charles hotel by the driver of the Salisbury laundry wagon, who had run into the lobby in a great hurry and impatiently called up his office.

"Why, he's balky or something. He stands right still and won't budge."

Then followed a silence of a moment or two during which the driver must have been told to blow into the horse's ear or twist his tail or use some gentle persuasive plan like that. He left the lobby in a determined mood. Soon he came back and called up his office again.

"Say, that horse started all right. Yes, it worked fine. He's going yet. I don't know where he is now, probably down in Bay View. The laundry packages are scattered all along the alley. Send someone to help me pick them up and someone else to chase the horse."—(Milwaukee Wisconsin.

GETTING HER MONEY'S WORTH.

Mrs. Lane was young and inexperienced, but certain principles of economy had been instilled into her from childhood. She knew that since one could send a message [illegible] any smaller number cost the same amount it was an obvious waste of money to send less than the 10.

She had also been taught by her eminently practical husband that in sending a telegram one should "keep to the matter in hand and avoid all confusion of words." On the occasion of Mr. Lane's first absence from home he sent a telegram from Chicago saying: "Are you all right? Answer Blank Hotel, Chicago."

Mrs. Lane knew she must be very economical and speedy, for Mr. Lane was making a flying trip and had told her he could not plan on his whereabouts long enough ahead to have a letter sent. She spent a few moments in agitated thought and then proudly wrote the following message:

"Yes. Yes. Yes. I am very well, indeed, thank you."—(Youth's Companion.

THE QUANTITY HE WANTED.

An Irishman, upon a certain one holiday, invited him to the saloon-keeper to have a drink.

"Tim," said he, "what are you going to take?"

"I think I'll take a pale ale."

"All right," said the other, "give me a pull too."—Lippincott's.

A MIXED MEAL

Alfred Henry Lewis and former Sheriff Thomas Dunn were lunching in a New York restaurant owned by a German named Hans. Looking over the bill of fare, Mr. Dunn read aloud: "Filet de boeuf aux champignons, à la Hans. How's that for a mixture? Dutch restaurant keeper French menu for food fresh corned. Tray-cooked-without, eh?"

"Yes," replied Mr. Lewis, "regular rather, sauerkraut."—Harper's.

Cured of Asthma

After Years of Terrible Suffering.

Mary Josephine Bezy, Floyd Knob, Ind., writes: "After suffering untold agonies for [illegible] years with Asthma, I was cured by Schiffmann's Asthma Cure. I used to be so bad that I could not move without help but I can now do all my own work. Another writes: My little boy 7 years old has been a sufferer for several years, sometimes so bad that we could not hold him in bed, expecting every moment for him to breathe his last. Doctors did him no good and we had almost given up in despair, when through accident we heard of Schiffmann's Asthma Cure, tried it and it almost instantly relieved him." Mrs. D. C. Harris, Edgar P. MRS. KINGDON TO JOIN MISS GOULD

MOTHER OF MRS. GEORGE GOULD MAKING TOUR OF WEST IN PRIVATE CAR — SOJOURNING IN COLORADO SPRINGS.

Mrs. G. A. Kingdon, whose daughter is the wife of George J. Gould, chairman of the board of directors of the Denver & Rio Grande railroad, is spending a few days in Colorado Springs.

Mrs. Kingdon is a widow, prior to her marriage to George J. Gould, was a widely known actress in the Augustin Daly companies, and mother and daughter have been inseparable. Mrs. Kingdon is now touring the west in a specially fitted private car, accompanied by Mrs. Raymond and Miss Carter of New York.

After returning from a long drive yesterday afternoon Mrs. Kingdon and her friends were so pleased with Colorado Springs that they decided to remain for another day before continuing on their trip westward. Mrs. Kingdon expects to meet Miss Helen Gould upon her arrival in San Francisco. Mr. Gould will, according to present plans, reach Colorado Springs in October.

GOOD STRIKE ON SILVER WAVE CLAIM

Another Shipper Will Be Added to the Already Large List---Seven-Foot Ore Body of Smelting Grade.

Special to the Gazette.

Cripple Creek, Sept. 30.—A lessee who recently secured a lease on the Silver Wave claim, belonging to the Vindicator Consolidated, located on the west slope of Bennett hill, have opened up a large body of ore on the western end of the claim, and another shipper was added yesterday to the already large list of producing properties.

The lessees who secured the lease on the 20th of August commenced operations in an adit tunnel on the claim, driving ahead a stope, not going down at first below the tunnel level until they had uncovered an ore shoot showing seven feet of ore, which from assays will return an average smelting grade.

The lessees are now working in their new find with the intention of proving up their holdings that concerns will send over their mills samples of the ore they have uncovered. As soon as the ore shoot has been proved up, a large plant of machinery will be installed and they will sink an shaft from the surface down to the stope of ore, which will be sent down along the feet of dipping.

While the 20 Bass Exchange lessees were driving their tunnel on the Silver Wave claim, they cut a vein of ore on the western end of the claim, and another shipper was added yesterday to the already large list of producing properties.

The lessees who secured a

LEGAL NOTICES.

BANKRUPTCY, PETITION FOR DISCHARGE.
In the matter of Albert Rocke, bankrupt, in Bankruptcy.
To the Honorable Moses Hallett, judge of the United States Court of the District of Colorado.
Albert Rocke of Manitou in the county of El Paso and state of Colorado, by [illegible] petition, respectfully represents that on the [illegible] day of September, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.
Wherefore he prays that he may be decreed by the court to have fully complied with all his duties under said bankruptcy acts, and that he may be decreed to be released from all debts provable against his estate under said acts, except such debts as are excepted by law from such discharge.
Dated this [illegible] day of September, A. D. 1904.
ALBERT ROCKE,
Bankrupt.

ORDER OF NOTICE THEREON.
District of Colorado, ss.
On this [illegible] day of September, A. D. 1904, on reading the foregoing petition, it is hereby ordered by the court, that a hearing be had upon the same and the [illegible] creditors of said bankrupt, [illegible] 20 E. Pike's Peak Avenue, [illegible] Colorado Springs
